Man needs love (2:48)

I just read the news today
Man needs love right away
Tall and dark, Eyes of blue,
Is looking for a girl like you

Man needs love
Don't you know a man needs love
In a world that's gone crazy,
Man needs love

When the going gets to cold
We all need someone to hold
Got a be a girl for me
Cause man needs love
So desperately

Man needs love
Don't you know a man needs love
In a world that's all gone crazy,
Man needs love

Man needs love
Don't you know a man needs love
Oh girl, girl

Man needs love

Since you left me
Things haven't been the same
I know we can work it out
Work it out maybe
I pray each night that we work it out
Work it out baby
Girl come back to me cause I love you

I won't go, girls don't you see
Man needs love 1, 2, 3

Man needs love

Don’t you know a man needs love
In a world that’s all gone crazy,

Man needs love
Don’t you know a man needs love
You make this man go crazy
Man needs love

All for love (I did it) (4:20)

You and I was meant to be
C’mon baby dance with me
I hear you found someone new
He won’t treat you, like I do

If you did it all again
Would you see other men
No one else would ever do
All the things I’ve done for you

All for love, I did it
Theres nothing i can do about it
All for love, I did it

All for love, I did it
Girl I can’t live without it
All your love

All is fair in love and war
Girl lets even up the score
I did it all for love

Dont know why I should stay
When all you do is run, run away baby
I love you girl with all my heart
Even when we’re apart
No matter what you put me through
Girl I gave my all to you

All for love, I did it
There’s nothing I can do about it

All for love, I did it

All for love, I did it
Girl I can’t live without it
All your love

You and I was meant to be
Come on baby, make love to me
I hear you found someone new
He won’t treat you, like I do you

If we did it all again
Would there be a happy end
No one else will ever do
All the things I’ve done for you

All for love, I did it
There’s nothing I can do about it
All for love, I did it

All for love, I did it
Girl I can’t live without it
All your love

Shiver (4:39)

Go with that gut feeling
But know the heart you're stealing
The icy chill of love tingles down my spine

To have someone to rely on
A shoulder to cry on
A lover to spy on

Don't it make you Shiver, Shiver
Don't it make you Shiver, Shiver

You want someone to save you
Well the odds are in your favor
The touch of another, no longer cross my mind

To have someone, I can talk to
A doorway, I could walk through
A white house and a picket fence
Like a fairy tale with a happy end

When you care about somebody
Really care about somebody

Don't it make you Shiver, Shiver
Don't it make you cry
Don't it make you Shiver, Shiver
Don't it make you wonder why

Don't it make you Shiver, Shiver
Don't it make you die
Don't it make you Shiver, Shiver
Don't it make you wonder why
Shiver

Don't it make you Shiver, Shiver
Don't it make you cry
Don't it make you Shiver, Shiver Don't it make you wonder why Don't it make you Shiver, Shiver
Don't it make you cry

These are the things (3:37)

Better break out the ice
I've got a good appetite
The barks worse than it's bite
It's now or never

You drink and drive me crazy
Goose bumps, when I hear your name
If I faint from the heat, forgive me
It's when I saw you, that my heart burst into flames

These are the things
These are the things
These are the things, that lovers do

I'm feeling high as a kite
With no landing strip in sight
I think that I might, parachute tonight
and jump forever

You'll never know what hit you
It sends shivers down my spine
Too fast, I didn't see it coming
To strong for the both of us to fight

These are the things
These are the things
These are the things, that lovers do

ooh,
Goose bumps when I hear your name
ooh,

In the morning, we'll both feel so ashamed

These are the things
These are the things
These are the things, that lovers do

---

We can live on love (3:10)

Bills are high
And moneys low
All I know is I got you girl

There's no jobs around
But don't get down
Cause we can live on love

We can live on love
Ooh, Come on girl
We can live on love
Ooh

No matter how things may be

I got you and you got me
Cause we can live on love

Times are tough
Can’t make enough
I’ve worked so hard
To keep you baby
I’d give you everything, that money can’t buy
Cause we can live on love

We can live on love
Ooh, come on girl
We can live on love
Ooh
With that precious love you bring
We can face anything
We can live on love

I didnt know it, I didnt know it
that the best things in life are free
Thats you and me, baby

Ah - yeah
Anything you could ever want
I can give it
We can live on love
Ooh, come on girl
We can live on love
Ooh
No matter how things may be
I got you and you got me
We can live on love

We can’t live on love
Ooh, come on girl
We can live on love
Ooh
Our love might not pay the rent
But our love is heaven cent
We can live on love

Just one touch (4:30)

I didn’t know when you walked into my life
You’d cut deep like a blade of a knife
You’re running me hot, you’re making me steam
I know I’ve met you before in a dream

Just one touch
That’s all it took to need you so much
Just one touch
That’s all it took, that’s all it took

Stormy weather on the chart, I’d try and stop before I start
I’m only saying what’s in my heart

When you’re away, I’m lost but I found
That you built a fire that can’t be put out
I’ve never felt this way before
I’m like a cat, Eye need to explore

Just one touch
That’s all it took to need you so much
Just one touch
That’s all it took, a touch to much

Just one touch
I never thought I’d miss you so much
Just one touch
That’s all it took, that’s all it took,

Stormy weather on the chart, I’d try and stop before I start
I’m only saying what’s in my heart
So you just push, and I will shove
I'll put on a silver glove
I’ll put a g in front of love

I didn’t know when you walked into my life
You’d cut deep like a blade of a knife

When you live with a dream, You know you’ll awake
I guess that’s the chance, I’ve gotta take

Just one touch

That’s all it took to need you so much
Just one touch
That’s all it took, a touch to much
And you can push and I will shove,
I’ll put a g in front of love

Just one touch
I never thought I’d miss you so much
Just one touch
That’s all it took, that’s all it took,

Stormy weather on the chart, I’d try and stop before I start
I’m only saying what’s in my heart

Language of love (3:49)

How to say
Something that’s been said so many ways
I don’t want to be like all the rest

The road is long
Everybody says that we went wrong
Don’t listen what they say
I love you more each day
Girl it hurts so much
When you’re gone , oh

Finding the right words to say
Is learning the language
Your getting closer everyday
To speaking the language of love

No one can take your place
Every girl wears your face
The language of love

I can’t feel
Something deep inside feels so real
Don’t know what to do, just got to talk to you
Girl you got to know how I feel

Finding the right words to say
Is learning the language of love
Your getting closer everyday
To speaking the language of love

Weather it's wrong or right
I know I need you tonight
The language of love
Whisper three words in my ear
You learn from the heart not the tears

Finding the right words to say
Is learning the language
Your getting closer everyday
I'm speaking the language of love

Tell me the words you hear
whisper them in my ears
The language of love

(Chorus repeat)

May day in heaven (6:33)

I know the bottom line when the arrows pointing up
Send no valentines, I can read an empty cup
She said what's a matter with you
I said what's a matter with me
Bon Voyage, relationship

May day in heaven, Our ship is on the rocks
If she gives you the cold shoulder, head back to the docks

May day in heaven, our ship is in distress,
We've got a love that's made in heaven send out a sos

I know wrong from my right
But my left keep an eye on

Loves like bird in the sky
Salt n pepper, It’s an egg on

She said what’s a matter with you
I said what’s a matter with me
Bon voyage, relationship

May day in heaven, Our ship is on the rocks
If she gives you the cold shoulder, head back to the docks

May day in heaven, our ship is in distress,
We’ve got a love that’s made in heaven
send out a sos

Apologies
The best policy
Not honesty

I know what’s in store, when you toss me a line
I'll go ship to shore, I’m just the guy who had his time

She said what’s a matter with you
I said what’s a matter with me
Bon voyage, relationship

May day in heaven, Our ship is on the rocks
If she gives you the cold shoulder, head back to the docks

May day in heaven, our ship is in distress,
We’ve got a love that’s made in heaven
So send out a sos

(REPEAT)

Rock me to sleep (4:20)

You got the power, you got the energy
Even in my wildest dreams

So don’t wake me up
Rock me to sleep

Ooh, tell me baby
That this is not a dream
Ooh, would you love me baby
You make me wanna scream

Ooh, you got the power
To move me in my jeans

When I dreaming your mine to keep, baby
So don’t wake me up
Rock me to sleep

Even in my wildest dreams
I’ll fall in love
Even in my wildest dreams
I hope these dreams come true

Oh can I pinch your body
To see if your for real
Oh , will you touch me baby
Cause I love the way it feels

When I’m dreaming I’m wetting the sheets
so don’t wake me up
Rock me to sleep

Even in my wildest dreams
I’ll fall in love with you
Even in my wildest dreams
I hope these dreams come true

Even in my wildest dreams
I’ll do anything for you
Anything you wanna
Even in my wildest dreams
I hope these dreams come true

When I’m dreaming, I’m wetting the sheets
So don’t wake me up

Rock me to sleep

(Repeat chorus)

---

In other words (4:09)

You never said that you loved me It was on the tip of, my tongue

All that we touched, I can't believe,
I didn't mean that much

Why don't you just put your arms around me

In other words, I could be happy
Three words, make our dreams come true
In other words, We could be happy

I carry around an empty feeling
You carry around what love has made

Love is a word, If it's blind than it should be heard
A kiss is a kiss, that made a child that we both miss

Why don't you just put your life in my shoes

In other words, I could be happy
Three words, make dreams come true

In other words, We could be happy
If these three words are, I LOVE YOU

Why don't you just put your arms around me and hold me

When you said we were over
I felt my heart drop to my knees

The last time I felt this
Was the first time that we kissed

In time the hurt will let me forget you

In other words, I could be happy
Three words, make our dreams come true

In other words, We could be happy
If these words are I love you

In other words, You could be happy
Three words make our dreams come true

In other words, We all could be happy, so happy,
If these three words are, I LOVE YOU

For All We Know (4:47)

Don't try now

To understand the perfect crime
To know what's yours, is mine

Don't try now

For all we know
Your ring of fire is burning cold

For all we care
When he stole your heart, he stole the coal

He stole the coal
He stole the coal

It feeds the fire

It feeds the soul

For all we know

For all we know

Don’t cry now

Love is such a funny game
Roll the ice into the flame

Don’t cry now for him
He’s like an ocean swim

---

Your guy (4:13)

Hey girl, I love you until the day I die
And forever
And ever
I’ll be your guy

My mama told me, I'd get over you
My papa told me, find somebody new
People say I will never understand
The reason why
You were my girl and I was your guy

Me and you,
Made dreams come true
I don’t wanna say goodbye

I wanna be your guy
I wanna be your guy

Do you ever wonder
Who’s kissing me now
Who’s kissing you now

Have you fallen under
Another guys spell

Don’t take it for granted, baby
It’s over for good
When I was your guy
Everything was alright

Me and you, made dreams come true
I don’t want to say goodbye, oh baby

I wanna be your guy
I wanna be your guy

I’ll never forget you girl
That will be the day I die, oh baby

Hey girl, I love you until the day I die
And forever and ever
I will be your guy

I wanna be your guy
I wanna be your guy
I wanna be your guy
I wanna be your guy
I wanna, I wanna

My Sweetheart (3:58)

Darling let our love keep on shinning
Baby lovers road is long and winding
I told you I'd hold you, Till death do us part How can I, How can I, How can I, go wrong
My Sweetheart, My Sweetheart

Darling, stop my heart from breaking
With hugging and kissing and lots of love making
I promise to cherish you with all of my heart
How can I, How can I, How can I, go wrong

My Sweetheart, My Sweetheart

Darling let our love keep on shining
Baby lovers road, is so long and winding
I never loved anyone the way I do you

How can I, How can I, How can I, go wrong

My Sweetheart, My Sweetheart

My Sweetheart

Darling

Nothing Lasts Forever (4:19)

I tried to hide my feelings, they're sliding through my hands
It keeps me with a reason, when it's time to understand
We were forever, Well we just might of been
But the ones who hide from never, are always in between

Nothing lasts forever,
Not the rain or the shining stars in your eyes Nothing lasts forever, So there's your alibi

Now who's heart is healing, and who's minds on the mend
That goodnight kiss your feeling, You'll have to find a friend
Cause I'm not taking no more, I had more than I can take
I'm not betting on the game, there's too much mistake

Nothing lasts forever,
Not the rain or the shining stars in your eyes Nothing lasts forever, So there's your alibi

Nothing lasts forever,
Not the rain or the shining stars in your eyes Nothing lasts forever, So bye, bye baby

Oh I can't let go, when your in my life, your all I know
But now you should go, for nothing lasts forever,
Cause some things will never change

I tried to hide my feelings, they're sliding through my hands
It keeps me with a reason, when it's time to understand
We were forever, Well we just might of been

But the ones who hide from never, is always in between

Nothing lasts forever,
Not the rain or the shining stars in your eyes
Nothing lasts forever, bye, bye baby, So there's your alibi
Nothing lasts forever,
Not the rain or the shining stars in your eyes
Nothing lasts forever, bye, bye baby, So there's your alibi

Nothing lasts forever,
Nothing, Nothing

She loves me, she loves me not (4:06)

If you play with fire, old flames burn much brighter than new ones do
One’s desire helps me tame the liar inside of you

Ouu she loves me, she loves me not

Ouu she loves me, she loves me not

You said you need me, you change your mind and leave me
Now that takes time

Its time to release me, for in my sleep you’re near me, now that’s a sign
If you ever knew how much I wanted you,
You don’t know what you have until it’s gone
I won’t be the one that comes to you, oh

Ouu she loves me, she loves me not

Ouu she loves me, she loves me not

Aye-yeah

Ouu she loves me, she loves me not

Aye-yeah

Let me be the one you’re running too, oh
Let me be the one

Ouu she loves me, she loves me not

Ouu she loves me, she loves me not

Ouu she loves me, she loves me not

Ouu she loves me, she loves me not

Taste the potion of emotion (4:22)

Pretend your mine, A gold mine, and your all mine to hide
It's crossed my mind, that loves blind, it would break my stride

We could build a life from a dream
One way or another, the smells sweet when we hurt each other

Now we taste the potion of emotion
Now we taste the potion of devotion

What's your sign, is there no sign of sunshine shinning through
What's your line, am I in line with a white wine, I drink to you

We should quench the thirst of a stream

If it's one thing it's another, It smells sweet when we hurt each other

Now we taste the potion of emotion
Now we taste the potion of devotion

Now we taste the potion of emotion
Now we taste the potion of devotion

We could build a life from a dream
One taste of another, there's a world you've never seen

I don't know how to say, what has to be said It's now or never, keeps going through my head

Now we taste the potion of emotion
Now we taste the potion of devotion
Now we taste the potion of emotion
Now we taste the potion of devotion

Lie school (3:37)

I’m your man your new exam
Your latest tradegy
The school of truth
Thinks your uncouth
So skip the honesty

When you lied to me
You earned your degree in,

Lie school, lie school
Honesty broke the golden rule in,
Lie school, lie school
Where you learned to lie

Basic math gone psyco path
But girl don’t count on me
Alimony, equals lonely
9 out of 10 agree

When you lied to me
You earned your degree in,

Lie school, lie school
Honesty broke the golden rule in,
Lie school, lie school
Where you learned to lie
Lie school, lie school
Lie school, it’s gonna make you lie
~

I’m your man your new exam
Teachers pet to be

Kiss the guys and make them lie
Give it all in modesty
From abc to lie in,

Lie school, lie school
Honesty broke the golden rule in,
Lie school, lie school

It’s gonna make you lie
It’s gonna make you lie
It’s gonna make you lie

I think I’m gonna cry (2:45)

Dear lover tell me the truth
Do you think about me
Like I think about you

Baby, I think I’m gonna cry

Feel my heart break every time your near
Intimate moments baby
I shed the tears

Baby, I think I’m gonna cry

How could love be so blind
I thought you weren’t the hurting kind
How could love be so cruel
And leave me crying like a fool

Dear lover, You said were forever
There’s sunshine when we’re loving baby
Now there just stormy weather

Baby, I think I’m gonna cry

Cry like a baby

HOW could love be so kind
And take away what was mine
The game of love has no rules
How can I win, when I always lose

I think I’m gonna cry like a baby

I think I’m gonna cry

I think I’m gonna cry

3 blind mice (4:39)

I wish I knew, which way to turn
When one loves two, someone gets burned by love

Well I choose you, but my heart won't see There's a girl back at home missing me

When you love more than one
You know it's wrong

We're just like 3 blind mice
Running round in circles, that don't think twice
We're like 3 blind mice

There's a time in my life, that I will find
If She comes to mind, let the blind lead the blind, fall in love

Show me a sign, so I may choose
But love is blind and I'll miss the one I lose

What you feel deep inside
Helps me decide
We're just like 3 blind mice
Running round in circles, that don't think twice
We're like 3 blind mice

3 blind mice, 3 blind mice
3 blind mice, 3 blind mice

At the end when you're gone
No ones lost, No ones won
Let me be the one

We're just like 3 blind mice
Running round in circles, that don't think twice
We're like 3 blind mice

We're just like 3 blind mice
Running round in circles, that don't think twice
We're like 3 blind mice

Till the end of time

Tick Tock
You be my job
I'll be your pay
We'll work all night, all day
You be my act
I'll be your stage
We can act out our play

I'll be your friend
I'll be your man

I'll be yours, till the end of time

Till the end of
Till the end of
Till the end of
Till the end of Time

Tick Tock
You be my crime
And I'll get involved
We can be the case, that's unsolved

You be the stone
I'll be the glass
Together we'll break the past

I'll be your man
I'll be your friend
I'll be I'll be yours, till the end of time

Till the end of
Till the end of
Till the end of
Till the end of Time

One last look

I know your going somewhere
I can see it in your eyes

That when tomorrow comes there will be photos ripped and torn
With tears

One last look won't last forever
One last look into your eyes

Can I see you on the weekends
Is it me or your career

My heart is like a broken camera
With tears

One last look won't last forever
One last look into your eyes
One last look won't last
One last look won't last
One last look won't last forever

They say I'm going nowhere
Since you've left, since you're gone
My life is like a fatal accident, without one last look

One last look won't last forever
One last look into your eyes

You turn me on (5:00)

You turn me on

Hey I’m looking you over
Let’s take a chance
I just want to walk over
And ask you to dance
Come on girl let’s get it on

You turn me on baby
Like no one else can
You make me hot, sugar
I melt in your hands
You turn me on baby
I’m coming inside

I want to kiss you all over
I wanna eat you alive
Do it to me slower
Make me last all night
Feel your body
Come on girl, Let’s get it on

You turn me on baby
Like no one else can
You make me hot, sugar
I melt in your hands
You turn me on baby
Keep turning me on

You turn me on

You turn me on baby
Like no one else can
You make me hot, sugar
Make me your man
You turn me on baby
I’m coming inside

You make me wet, darling

You turn me on baby
Like no one else can
You make me hot, sugar
Make me your man
You turn me on baby

You turn me on

Like father like son

Daddy wasn't born no shining knight
But what he meant to me, he was bigger than life
Mama could of sworn, they were just having fun
When along came me their Son of a Gun
I guess you don't know what you have till it's gone
Don't let your pride get your tongue

It's much to late when they're dead and gone
Lord let me be like father like son
Your heart will break when you lose someone

Ticking away the time, Nowhere else to run
Call me a devil and I will be gone
Sunday you're gonna find, you gotta hang on to a prayer
Call me your angel, I will be one

I guess you don't know what you have till it's gone
Don't let your pride get your tongue

It's much to late when they're dead and gone
Lord let me be like father like son
Your heart will break when you lose someone

There's a time to be happy, a time to be sad But I can't help missing my dear ole Dad
I'll see you in Heaven, Our soul's become as one
Lord let me be, like Father like Son

I guess you don't know what you have till it's gone
Don't let your pride get your tongue

It's much to late when they're dead and gone
Lord let me be like father like son
Your heart will break when you lose someone

Follow through

This is where the story starts
Can you spare some change of heart
If I grow up, I can't pretend There's not a war, I will defend

All I am lowe to you
We lie on words we, believe are true
All I have I'll give to you
It's our life lets
Follow Through

There's no money in my pocket
But I'm rich In my soul
Pour out your resistance

In a big shiny bowl
Love only matters
Don't give that right away
Lawyer men get fatter
When there selling you to pray

What the hell do you take us for
I can't fake this anymore
You need us like we need you
It's our world let's
Follow Through

Honey ride my rocket
I rock and I Roll
Baby you can cock It
They won't buy your soul
Love will get you higher
I'm high as a kite
With God's pacifier
What ever gets you through the night

Who in the hell do you think you are
This time you've taken It to far
I need you like you need me
Black or white, the same to me

This is where the story ends
No more trees, no more men
I've grown old, I can not mend
Mother Earth be born again

---

Ulterior motives

Something in your eyes, makes me realize
How strange it seems

Something in your smile, could be up on trial
Of broken dreams

You’re counting all your sheep in disguise
Caught up in a world of lies

(Chorus) Everyone knows it, you’ve got
Ulterior motives

Tell me the truth
Every move shows it, ah ha

Don’t you realize, that you’re telling lies
Ah ha ha ha ah

If something’s on your mind, spit it out and find
The perfect scam

All your truth and dares, do you really care
Just who I am

You’re always biting more than you can chew
When will you realize the truth

(Chorus) Everyone knows it, you’ve got
Ulterior motives

Tell me the truth
Every move shows it, ah ha

I got it from the wise that you’re telling lies

(BRIDGE)

Everyone knows it (everyone knows it) oh, baby
You’ve got ulterior motives, tell me the truth

Every move shows it, (every move shows it)

Ah ha ha ha ah

(SOLO)

You’re always biting more than you can chew
You always saying more than you knew

You’re counting all your sheep in disguise
Caught up in a world of lies

(Chorus out)

Man needs love (2:48)

I just read the news today
Man needs love right away
Tall and dark, Eyes of blue,
Is looking for a girl like you

Man needs love
Don’t you know a man needs love
In a world that’s gone crazy,
Man needs love

When the going gets to cold
We all need someone to hold
Got a be a girl for me
Cause man needs love
So desperately

Man needs love

Don’t you know a man needs love
In a world that’s all gone crazy,
Man needs love

Man needs love
Don’t you know a man needs love
Oh girl, girl

Man needs love

Since you left me
Things haven’t been the same
I know we can work it out
Work it out maybe
I pray each night that we work it out
Work it out baby
Girl come back to me cause I love you

I won’t go, girls don’t you see
Man needs love 1, 2, 3
~
Man needs love
Don’t you know a man needs love
In a world that’s all gone crazy,

Man needs love
Don’t you know a man needs love
You make this man go crazy
Man needs love

All For Love

You and I was meant to be
C’mon baby dance with me
I hear you found someone new
He won’t treat you, like I do

If you did it all again
Would you see other men
No one else would ever do
All the things I’ve done for you

All for love, I did it
Theres nothing i can do about it
All for love, I did it

All for love, I did it
Girl I can't live without it
All your love

All is fair in love and war
Girl lets even up the score
I did it all for love

Dont know why I should stay
When all you do is run, run away baby
I love you girl with all my heart
Even when we're apart
No matter what you put me through
Girl I gave my all to you

All for love, I did it
There's nothing I can do about it
All for love, I did it

All for love, I did it
Girl I can't live without it
All your love

You and I was meant to be
Come on baby, make love to me
I hear you found someone new
He won't treat you, like I do you

If we did it all again
Would there be a happy end
No one else will ever do
All the things I've done for you

All for love, I did it
There's nothing I can do about it
All for love, I did it

All for love, I did it
Girl I can’t live without it
All your love

Shiver

Go with that gut feeling
But know the heart you're stealing
The icy chill of love tingles down my spine

To have someone to rely on
A shoulder to cry on
A lover to spy on

Don't it make you Shiver, Shiver
Don't it make you Shiver, Shiver

You want someone to save you
Well the odds are in your favor
The touch of another, no longer cross my mind

To have someone, I can talk to
A doorway, I could walk through
A white house and a picket fence
Like a fairy tale with a happy end

When you care about somebody
Really care about somebody

Don't it make you Shiver, Shiver
Don't it make you cry
Don't it make you Shiver, Shiver
Don't it make you wonder why

Don't it make you Shiver, Shiver
Don't it make you die
Don't it make you Shiver, Shiver
Don't it make you wonder why
Shiver

Don't it make you Shiver, Shiver
Don't it make you cry

Don't it make you Shiver, Shiver Don't it make you wonder why Don't it make you Shiver, Shiver
Don't it make you cry

These are the things (3:37)

Better break out the ice
I've got a good appetite
The barks worse than it's bite
It's now or never

You drink and drive me crazy
Goose bumps, when I hear your name
If I faint from the heat, forgive me
It's when I saw you, that my heart burst into flames

These are the things
These are the things
These are the things, that lovers do

I'm feeling high as a kite
With no landing strip in sight
I think that I might, parachute tonight
and jump forever

You'll never know what hit you
It sends shivers down my spine
Too fast, I didn't see it coming
To strong for the both of us to fight

These are the things
These are the things
These are the things, that lovers do

ooh,
Goose bumps when I hear your name
ooh,

In the morning, we'll both feel so ashamed

These are the things
These are the things
These are the things, that lovers do

We Can Live On Love

Bills are high
And moneys low
All I know is I got you girl

There's no jobs around
But don't get down
Cause we can live on love

We can live on love
Ooh, Come on girl
We can live on love
Ooh

No matter how things may be
I got you and you got me
Cause we can live on love

Times are tough
Can't make enough
I've worked so hard
To keep you baby
I'd give you everything, that money can't buy
Cause we can live on love

We can live on love
Ooh, come on girl
We can live on love
Ooh
With that precious love you bring
We can face anything
We can live on love

I didnt know it, I didnt know it
that the best things in life are free
Thats you and me, baby

Ah - yeah
Anything you could ever want
I can give it
We can live on love
Ooh, come on girl
We can live on love
Ooh
No matter how things may be
I got you and you got me
We can live on love

We can’t live on love
Ooh, come on girl
We can live on love
Ooh
Our love might not pay the rent
But our love is heaven cent
We can live on love

Just One Touch

I didn’t know when you walked into my life
You’d cut deep like a blade of a knife
You’re running me hot, you’re making me steam
I know I’ve met you before in a dream

Just one touch
That’s all it took to need you so much
Just one touch
That’s all it took, that’s all it took

Stormy weather on the chart, I’d try and stop before I start
I’m only saying what’s in my heart

When you’re away, I’m lost but I found
That you built a fire that can’t be put out
I’ve never felt this way before
I’m like a cat, Eye need to explore

Just one touch

That’s all it took to need you so much
Just one touch
That’s all it took, a touch to much

Just one touch
I never thought I’d miss you so much
Just one touch
That’s all it took, that’s all it took,

Stormy weather on the chart, I’d try and stop before I start
I’m only saying what’s in my heart
So you just push, and I will shove
I'll put on a silver glove
I’ll put a g in front of love

I didn’t know when you walked into my life
You’d cut deep like a blade of a knife

When you live with a dream, You know you’ll awake
I guess that’s the chance, I’ve gotta take

Just one touch
That’s all it took to need you so much
Just one touch
That’s all it took, a touch to much
And you can push and I will shove,
I’ll put a g in front of love

Just one touch
I never thought I’d miss you so much
Just one touch
That’s all it took, that’s all it took,

Stormy weather on the chart, I’d try and stop before I start
I’m only saying what’s in my heart

Language of love

How to say
Something that’s been said so many ways

I don’t want to be like all the rest

The road is long
Everybody says that we went wrong
Don’t listen what they say
I love you more each day
Girl it hurts so much
When you’re gone , oh

Finding the right words to say
Is learning the language
Your getting closer everyday
To speaking the language of love

No one can take your place
Every girl wears your face
The language of love

I can’t feel
Something deep inside feels so real
Don’t know what to do, just got to talk to you
Girl you got to know how I feel

Finding the right words to say
Is learning the language of love
Your getting closer everyday
To speaking the language of love

Weather it’s wrong or right
I know I need you tonight
The language of love
Whisper three words in my ear
You learn from the heart not the tears

Finding the right words to say
Is learning the language
Your getting closer everyday
I’m speaking the language of love

Tell me the words you hear
whisper them in my ears
The language of love

(Chorus repeat)

May day in heaven (6:33)

I know the bottom line when the arrows pointing up
Send no valentines, I can read an empty cup
She said what's a matter with you
I said what's a matter with me
Bon Voyage, relationship

May day in heaven, Our ship is on the rocks
If she gives you the cold shoulder, head back to the docks

May day in heaven, our ship is in distress,
We've got a love that's made in heaven send out a sos

I know wrong from my right
But my left keep an eye on
Loves like bird in the sky
Salt n pepper, It's an egg on

She said what's a matter with you
I said what's a matter with me
Bon voyage, relationship

May day in heaven, Our ship is on the rocks
If she gives you the cold shoulder, head back to the docks

May day in heaven, our ship is in distress,
We've got a love that's made in heaven
send out a sos

Apologies
The best policy
Not honesty

I know what's in store, when you toss me a line
I'll go ship to shore, I'm just the guy who had his time

She said what's a matter with you
I said what's a matter with me
Bon voyage, relationship

May day in heaven, Our ship is on the rocks
If she gives you the cold shoulder, head back to the docks

May day in heaven, our ship is in distress,
We've got a love that's made in heaven
So send out a sos

(REPEAT)

Rock me to sleep (4:20)

You got the power, you got the energy
Even in my wildest dreams

So don't wake me up
Rock me to sleep

Ooh, tell me baby
That this is not a dream
Ooh, would you love me baby
You make me wanna scream

Ooh, you got the power
To move me in my jeans

When I dreaming your mine to keep, baby
So don't wake me up
Rock me to sleep

Even in my wildest dreams
I'll fall in love
Even in my wildest dreams
I hope these dreams come true

Oh can I pinch your body
To see if your for real
Oh , will you touch me baby
Cause I love the way it feels

When I’m dreaming I’m wetting the sheets
so don’t wake me up
Rock me to sleep

Even in my wildest dreams
I’ll fall in love with you
Even in my wildest dreams
I hope these dreams come true

Even in my wildest dreams
I’ll do anything for you
Anything you wanna
Even in my wildest dreams
I hope these dreams come true

When I’m dreaming, I’m wetting the sheets
So don’t wake me up
Rock me to sleep

(Repeat chorus)

In Other Words

You never said that you loved me It was on the tip of, my tongue

All that we touched, I can't believe,
I didn't mean that much

Why don't you just put your arms around me

In other words, I could be happy
Three words, make our dreams come true
In other words, We could be happy

I carry around an empty feeling

You carry around what love has made

Love is a word, If it's blind than it should be heard
A kiss is a kiss, that made a child that we both miss

Why don't you just put your life in my shoes

In other words, I could be happy
Three words, make dreams come true

In other words, We could be happy
If these three words are, I LOVE YOU

Why don't you just put your arms around me and hold me

When you said we were over
I felt my heart drop to my knees

The last time I felt this
Was the first time that we kissed

In time the hurt will let me forget you

In other words, I could be happy
Three words, make our dreams come true

In other words, We could be happy
If these words are I love you

In other words, You could be happy
Three words make our dreams come true

In other words, We all could be happy, so happy,
If these three words are, I LOVE YOU

For All We Know (4:47)

Don't try now

To understand the perfect crime

To know what's yours, is mine

Don't try now

For all we know
Your ring of fire is burning cold

For all we care
When he stole your heart, he stole the coal

He stole the coal
He stole the coal

It feeds the fire

It feeds the soul

For all we know

For all we know

Don’t cry now

Love is such a funny game
Roll the ice into the flame

Don’t cry now for him
He’s like an ocean swim

---

Your guy (4:13)

Hey girl, I love you until the day I die
And forever
And ever
I’ll be your guy

My mama told me, I'd get over you
My papa told me, find somebody new

People say I will never understand
The reason why
You were my girl and I was your guy

Me and you,
Made dreams come true
I don’t wanna say goodbye

I wanna be your guy
I wanna be your guy

Do you ever wonder
Who’s kissing me now
Who’s kissing you now

Have you fallen under
Another guys spell

Don’t take it for granted, baby
It’s over for good
When I was your guy
Everything was alright

Me and you, made dreams come true
I don’t want to say goodbye, oh baby

I wanna be your guy
I wanna be your guy

I’ll never forget you girl
That will be the day I die, oh baby

Hey girl, I love you until the day I die
And forever and ever
I will be your guy

I wanna be your guy
I wanna be your guy
I wanna be your guy
I wanna be your guy
I wanna, I wanna

Nothing Lasts Forever

I tried to hide my feelings, they're sliding through my hands
It keeps me with a reason, when it's time to understand
We were forever, Well we just might of been
But the ones who hide from never, are always in between

Nothing lasts forever,
Not the rain or the shining stars in your eyes Nothing lasts forever,

So there's your alibi

Now who's heart is healing, and who's minds on the mend
That goodnight kiss your feeling, You'll have to find a friend
Cause I'm not taking no more, I had more than I can take
I'm not betting on the game, there's too much mistake

Nothing lasts forever,
Not the rain or the shining stars in your eyes Nothing lasts forever,
So there's your alibi

Nothing lasts forever,
Not the rain or the shining stars in your eyes Nothing lasts forever,
So bye, bye baby

Oh I can't let go, when your in my life, your all I know
But now you should go, for nothing lasts forever,
Cause some things will never change

I tried to hide my feelings, they're sliding through my hands
It keeps me with a reason, when it's time to understand
We were forever, Well we just might of been
But the ones who hide from never, is always in between

Nothing lasts forever,
Not the rain or the shining stars in your eyes
Nothing lasts forever, bye, bye baby, So there's your alibi
Nothing lasts forever,
Not the rain or the shining stars in your eyes
Nothing lasts forever, bye, bye baby, So there's your alibi

Nothing lasts forever,
Nothing, Nothing

Chemistry

I don’t mind, If you take your time
I'll handle you slowly
I'll let you get to know me

Our bodies ignite, when we danced tonight
You couldn’t get closer
If you wanted to

Love is an emotion
It’s a powerful potion
You and me got the right chemistry
To make an explosion

Can’t you see, the possibility
Two parts you and one part me

If there’s some one else
I'll keep my hands to myself
But If your looking my way
I’ve just got to say

Love is an emotion
It’s a powerful potion
You and me got the right chemistry
To make an explosion

Love is an emotion
It’s a powerful potion
You and me got the right chemistry

Two parts you and one part me
Oh girl that’s chemistry
A lot of you, a bit of me
Shake it up, now that’s chemistry

Love is an emotion
It’s a powerful potion
You and me got the right chemistry
To make an explosion

Love is an emotion
It’s a powerful potion
You and me got the right chemistry
To make an explosion

She loves me, she loves me not

If you play with fire, old flames burn much brighter than new ones do

One's desire helps me tame the liar inside of you

Ouu she loves me, she loves me not

Ouu she loves me, she loves me not

You said you need me, you change your mind and leave me
Now that takes time

Its time to release me, for in my sleep you're near me, now that's a sign

If you ever knew how much I wanted you,
You don't know what you have until it's gone
I won't be the one that comes to you, oh

Ouu she loves me, she loves me not

Ouu she loves me, she loves me not

Aye-yeah

Ouu she loves me, she loves me not

Aye-yeah

Let me be the one you're running too, oh
Let me be the one

Ouu she loves me, she loves me not

Ouu she loves me, she loves me not

Ouu she loves me, she loves me not

Ouu she loves me, she loves me not

Taste the potion of emotion

Pretend your mine, A gold mine, and your all mine to hide
It's crossed my mind, that loves blind, it would break my stride

We could build a life from a dream
One way or another, the smells sweet when we hurt each other

Now we taste the potion of emotion
Now we taste the potion of devotion

What's your sign, is there no sign of sunshine shinning through
What's your line, am I in line with a white wine, I drink to you

We should quench the thirst of a stream
If it's one thing it's another, It smells sweet when we hurt each other

Now we taste the potion of emotion
Now we taste the potion of devotion

Now we taste the potion of emotion
Now we taste the potion of devotion

We could build a life from a dream
One taste of another, there's a world you've never seen

I don't know how to say, what has to be said It's now or never, keeps going through my head

Now we taste the potion of emotion

Now we taste the potion of devotion
Now we taste the potion of emotion
Now we taste the potion of devotion

Lie School

I'm your man your new exam
Your latest tradegy
The school of truth
Thinks your uncouth
So skip the honesty

When you lied to me
You earned your degree in,

Lie school, lie school
Honesty broke the golden rule in,
Lie school, lie school
Where you learned to lie

Basic math gone psyco path
But girl don't count on me
Alimony, equals lonely
9 out of 10 agree

When you lied to me
You earned your degree in,

Lie school, lie school
Honesty broke the golden rule in,
Lie school, lie school
Where you learned to lie
Lie school, lie school
Lie school, it's gonna make you lie
~

I'm your man your new exam
Teachers pet to be

Kiss the guys and make them lie
Give it all in modesty
From abc to lie in,

Lie school, lie school
Honesty broke the golden rule in,
Lie school, lie school

It’s gonna make you lie
It’s gonna make you lie
It’s gonna make you lie

I think I’m gonna cry (2:45)

Dear lover tell me the truth
Do you think about me
Like I think about you

Baby, I think I’m gonna cry

Feel my heart break every time your near
Intimate moments baby
I shed the tears

Baby, I think I’m gonna cry

How could love be so blind
I thought you weren’t the hurting kind
How could love be so cruel
And leave me crying like a fool

Dear lover, You said were forever
There’s sunshine when we’re loving baby
Now there just stormy weather

Baby, I think I’m gonna cry

Cry like a baby

HOW could love be so kind

And take away what was mine
The game of love has no rules
How can I win, when I always lose

I think I’m gonna cry like a baby

I think I’m gonna cry

I think I’m gonna cry

3 Blind Mice

I wish I knew, which way to turn
When one loves two, someone gets burned by love

Well I choose you, but my heart won't see There's a girl back at home missing me

When you love more than one
You know it's wrong

We're just like 3 blind mice
Running round in circles, that don't think twice
We're like 3 blind mice

There's a time in my life, that I will find
If She comes to mind, let the blind lead the blind, fall in love

Show me a sign, so I may choose
But love is blind and I'll miss the one I lose

What you feel deep inside
Helps me decide
We're just like 3 blind mice
Running round in circles, that don't think twice
We're like 3 blind mice

3 blind mice, 3 blind mice
3 blind mice, 3 blind mice

At the end when you're gone
No ones lost, No ones won
Let me be the one

We're just like 3 blind mice
Running round in circles, that don't think twice
We're like 3 blind mice

We're just like 3 blind mice
Running round in circles, that don't think twice
We're like 3 blind mice

Till the end of time

Tick Tock
You be my job
I'll be your pay
We'll work all night, all day
You be my act
I'll be your stage
We can act out our play

I'll be your friend
I'll be your man
I'll be yours, till the end of time

Till the end of
Till the end of
Till the end of
Till the end of Time

Tick Tock
You be my crime
And I'll get involved
We can be the case, that's unsolved

You be the stone
I'll be the glass
Together we'll break the past

I'll be your man
I'll be your friend
I'll be I'll be yours, till the end of time

Till the end of
Till the end of
Till the end of
Till the end of Time

One last look

I know your going somewhere
I can see it in your eyes

That when tomorrow comes there will be photos ripped and torn
With tears

One last look won't last forever
One last look into your eyes

Can I see you on the weekends
Is it me or your career

My heart is like a broken camera
With tears

One last look won't last forever
One last look into your eyes
One last look won't last
One last look won't last
One last look won't last forever

They say I'm going nowhere
Since you've left, since you're gone
My life is like a fatal accident, without one last look

One last look won't last forever
One last look into your eyes

You turn me on (5:00)

You turn me on

Hey I’m looking you over
Let’s take a chance
I just want to walk over
And ask you to dance
Come on girl let’s get it on

You turn me on baby
Like no one else can
You make me hot, sugar
I melt in your hands
You turn me on baby
I’m coming inside

I want to kiss you all over
I wanna eat you alive
Do it to me slower
Make me last all night
Feel your body
Come on girl, Let’s get it on

You turn me on baby
Like no one else can
You make me hot, sugar
I melt in your hands
You turn me on baby
Keep turning me on

You turn me on

You turn me on baby
Like no one else can
You make me hot, sugar
Make me your man
You turn me on baby
I’m coming inside

You make me wet, darling

You turn me on baby
Like no one else can
You make me hot, sugar
Make me your man
You turn me on baby

You turn me on

Like father like son

Daddy wasn't born no shining knight
But what he meant to me, he was bigger than life
Mama could of sworn, they were just having fun
When along came me their Son of a Gun
I guess you don't know what you have till it's gone
Don't let your pride get your tongue

It's much to late when they're dead and gone
Lord let me be like father like son
Your heart will break when you lose someone

Ticking away the time, Nowhere else to run
Call me a devil and I will be gone
Sunday you're gonna find, you gotta hang on to a prayer
Call me your angel, I will be one

I guess you don't know what you have till it's gone
Don't let your pride get your tongue

It's much to late when they're dead and gone
Lord let me be like father like son
Your heart will break when you lose someone

There's a time to be happy, a time to be sad But I can't help missing my dear ole Dad
I'll see you in Heaven, Our soul's become as one
Lord let me be, like Father like Son

I guess you don't know what you have till it's gone
Don't let your pride get your tongue

It's much to late when they're dead and gone
Lord let me be like father like son
Your heart will break when you lose someone

Follow through

This is where the story starts
Can you spare some change of heart
If I grow up, I can't pretend There's not a war, I will defend

All I am lowe to you
We lie on words we, believe are true
All I have I'll give to you
It's our life lets
Follow Through

There's no money in my pocket
But I'm rich In my soul
Pour out your resistance
In a big shiny bowl
Love only matters
Don't give that right away
Lawyer men get fatter
When there selling you to pray

What the hell do you take us for
I can't fake this anymore
You need us like we need you
It's our world let's
Follow Through

Honey ride my rocket
I rock and I Roll
Baby you can cock It
They won't buy your soul
Love will get you higher
I'm high as a kite
With God's pacifier
What ever gets you through the night

Who in the hell do you think you are
This time you've taken It to far
I need you like you need me

Black or white, the same to me

This is where the story ends
No more trees, no more men
I've grown old, I can not mend
Mother Earth be born again

Ulterior motives

Something in your eyes, makes me realize
How strange it seems

Something in your smile, could be up on trial
Of broken dreams

You’re counting all your sheep in disguise
Caught up in a world of lies

Everyone knows it, you’ve got
Ulterior motives

Tell me the truth
Every move shows it, ah ha

Don’t you realize, that you’re telling lies
Ah ha ha ha ah

If something’s on your mind, spit it out and find
The perfect scam

All your truth and dares, do you really care
Just who I am

You’re always biting more than you can chew
When will you realize the truth

(Chorus) Everyone knows it, you’ve got
Ulterior motives

Tell me the truth
Every move shows it, ah ha

I got it from the wise that you're telling lies

(BRIDGE)

Everyone knows it (everyone knows it) oh, baby
You've got ulterior motives, tell me the truth

Every move shows it, (every move shows it)

Ah ha ha ha ah

(SOLO)

You're always biting more than you can chew
You always saying more than you knew

You're counting all your sheep in disguise
Caught up in a world of lies

(Chorus out)

To sir with love (Love Loves To Love Love)

Those schoolgirl days
Of telling tales and biting nails are gone
But in my mind
I know they will still live on and on
But how do you thank someone
Who has taken you from crayons to perfume?
It isn't easy, but I'll try
If you wanted the sky
I would write across the sky in letters
That would soar a thousand feet high
"To sir, with love"
The time has come
For closing books and long last looks must end

And as I leave
I know that I am leaving my best friend
A friend who taught me right from wrong
And weak from strong
That's a lot to learn
What, what can I give you in return?
If you wanted the moon
I would try to make a start
But I would rather you let me give my heart
"To sir, with love"

Just My Imagination

Oooh

Each day through my window I watch her as she passes by
I say to myself, "You're such a lucky guy"
To have a girl like her is truly a dream come true
Out of all the fellows in the world, she belongs to you

But it was just my imagination
Runnin' away with me
It was just my imagination
Runnin' away with me

Ooh (Soon)
Soon we'll be married and raise a family (Oh yeah)
A cozy little home out in the country
With two children, maybe three
I tell you I (I, I) can visualize it all
This couldn't be a dream, for too real it all seems

But it was just my imagination, once again
Runnin' away with me
Tell you, it was just my imagination
Runnin' away with me

Ev'ry night on my knees I pray
"Dear Lord, hear my plea
Don't ever let another take her love from me"
Or I will surely die, hmm

(Her love is) heavenly
When her arms enfold me
I hear a tender rhapsody
But in reality
She doesn't even know me

(Just my imagination) Once again
Runnin' away with me, oh
Tell you it was just my imagination
Runnin' away with me

I've never met her but I can't forget her
(Just my imagination) Ooh, yeah, yeah, yeah, yeah
Runnin' away with me, ooh
Just my imagination
Runnin' away with me

She's never hard to find (Just my imagination)
She's always on my mind (Runnin' away with me)

Singing In The Rain

SINGING IN THE RAIN.
I'M SINGING IN THE RAIN JUST SINGING IN THE RAIN
WHAT A GLORIOUS FEELING I'M HAPPY AGAIN
I'M LAUGHING AT CLOUDS SO DARK UP ABOVE
THE SUN'S IN MY HEART AND I'M READY FOR LOVE
LET THE STORMY CLOUDS CHASE EVERY ONE FROM THE PLACE
COME ON WITH THE RAIN I'VE A SMILE ON MY FACE
I'LL WALK DOWN THE LANE WITH A HAPPY REFRAIN
AND SINGIN' JUST SINGIN' IN THE RAIN.
